No.Other -1926/C.R./Notice/CET/378   Date — 12/02/2026

Public Notice
CET 2026 Registration – Aadhaar Authentication

It is hereby notified that some candidates are facing difficulty in completing Aadhaar and APAAR authentication during the CET 2026 registration process. In view of this, and to ensure that no eligible candidate is inconvenienced or deprived of filling the CET registration form, necessary facilitation measures are being provided for such candidates.

Aadhaar authentication continues to be the preferred mode of verification for CET 2026 registration. Candidates who are unable to complete Aadhaar and APAAR authentication due to technical or other genuine issues may proceed with filling and submitting the application form on the CET 2026 registration portal without Aadhaar and APAAR authentication. This facility will be activated from 13.02.2026.

However, candidates who are able to complete the CET registration form using Aadhaar and APAAR authentication shall continue to follow the pre-notified registration process.

All candidates are advised to read the instructions carefully and complete their registration within the stipulated timeline.
